

# TICAA Study

## Technology-based Information and Coaching/support program for Asian American women living with breast cancer (TICAA)

**Eun-Ok Im**, PhD, MPH, RN, CNS, FAAN and her colleagues at Duke University School of Nursing are conducting a research study to test the effectiveness of a technology-based information and coaching/support program for Asian American women living with breast cancer.

### Eligible participates:

- An Asian American woman aged 21 years and older
- Have had a breast cancer diagnosis in the past 5 years
- Can read and write English, Mandarin Chinese, Korean or Japanese
- Have access to the Internet
- Identify their sub-ethnicity as Chinese, Korean, or Japanese
